

Tics And Tourette Syndrome: Key Clinical Perspectives (Clinics In Developmental Medicine) By Roger Freeman

By Roger Freeman

Some of the key findings include: Woerner W, Rothenberger A. Premonitory sensory phenomena and suppressibility of tics in Tourette syndrome:

<http://www.tourettesyndrome.net/disorders/tourette%e2%80%99s-syndrome/overview-of-tourettes-syndrome/>

Unlike much of the literature on Tourette syndrome disorders, this book moves away from focusing on the tics and acknowledges that sometimes it is the disorder, such
